PNG file, click the mouse right button and
then click the PNG icon To download the file
as a JPEG file, click the mouse right button
and then click the JPEG icon

Free Gif Collage Maker is a handy and reliable application designed to build animated collages out of your picture collection. Free Gif Collage Maker accepts JPEG and PNG images as input files and includes a rich frame set that you can choose from. The results can be published online. NOTE: You need to create an account to be able to save the output file. Gif Collage Maker™ is a easy-to-use yet powerful tool for creating photo collages, frames, and great-looking Gifs. With hundreds of built-in collage frames and backgrounds, you can create colorful photo collages right away. The app includes photo filters which can enhance the original images. This will help you create Gif collages that will bring out the best of your pictures. In addition to photo filters, Gif Collage Maker™ supports frame auto-combining and frame auto-delimiting. It works even if the photo frames are placed

in various areas. Freeing you from having to manually go through the entire image collection to get them aligned, combined, or delimited. The app also includes photo editing tools such as red eye reduction, blur, exposure, contrast, and brightness enhancement, as well as filtering tools like despeckle, colour correction, and border.

On top of that, it also offers powerful features like multi-image blending and cutting out, loading of image from clipboard, special effects filters, and built-in audio effects. Collage Maker™ will work perfectly on both Windows and Mac OS systems. We removed compatibility with Windows XP to ensure a more stable and reliable experience. Unfortunately, we can no longer support Windows XP users so it is no longer available to download and we cannot offer them any support. We removed compatibility with Windows 8.1 to ensure a more stable and reliable

experience. Unfortunately, we can no longer support Windows 8.1 users so it is no longer available to download and we cannot offer them any support.
